

# Enorme Perseides

## Gouves, Heraklion

4 Bedrooms, 7 Guests

### Overview

Blending luxury and comfort in perfect balance, the recently established Enorme Perseides Villa is decorated harmonically with minimalism, providing a splendid accommodation to either wide families or to couples and friends, ready to indulge in an alternative way of holiday.

The stylish interior, with soft hues of contemporary architecture, apparent around the multi-level sections, will cease your imagination. Fitted with elegant and well-chosen furnishing, focused on detail and ambience, the high-level facilities stand at complete disposal.

Located across the well-known sandy beach of Gouves, as part of a wider block of dwellings, the property will charm you with the endless and unobstructed panoramic view to the Aegean Sea and the relevant bay.

The Villa features two master-bedrooms with large-double beds, one of which is appointed on the second floor with private balcony and stunning sea view, two secondary single bedrooms on the first floor, a fully equipped kitchen by the dining room and a comfortable living room with fireplace.

The furnished front yard, the free use of Wi-Fi, the satellite smart TV, and the parking place are assets to the property!
